Waterville, ME

Class of 2027

- Relevant Coursework: Probability, Linear Algebra, Financial Accounting, Art of M&A, Business Strategy, Corporate Finance, Global Financial Markets, Statistical Modeling, Machine Learning, Computer Science, Econometrics

WORK EXPERIENCE

BMW of North America – MINI USA

Summer Data Analyst

Woodcliff Lake, NJ

Jun 2025 – Aug 2025

- Conducted in-depth data analysis of sales KPIs across 105 US dealerships to create and present automated professional reports used to reduce aged inventory by 35% and increase expected after-sales revenue by 10%
- Constructed forecasting models to project long-term sales segmented by 4 regions, 4 car models, 11 markets, and 3 sales types, supporting operational efficiency through inventory allocation planning

Alpine Country Club

Golf Client Services and Operations Team Lead

Demarest, NJ

Jun 2024 – Aug 2024

- Led the golf services team, managed staff assignments, and effectively trained 3 new employees
- Independently reliable at-all times to supervise front operations and provide world class service to over 500 clients
- Maintained end-to-end readiness by proactively managing 10 prepared golf carts, 100+ member bags, 2 practice areas, 50+ clients, and daily logistics, ensuring a consistently streamlined experience without any member intervention
- Coordinated the daily playing schedule for 45 caddies and 200+ clients to ensure punctual operations

ACTIVITIES

Colby Formula Electric Racing Team

Co-Founder and CFO

Waterville, ME

February 2026 – Current

- Leading and growing Colby Formula Electric, launching Colby's first Formula SAE racing team in direct collaboration with President David Greene and Colby administration as part of Colby's \$150M institutional investment in STEM and first ever engineering program
- Opening new learning and career opportunities for students from all disciplines, applying the liberal arts, engineering, and sciences in a practical setting
- Established partnerships with local communities, universities, and businesses across Maine
- Independently responsible for overseeing \$100K+ fundraising portfolio, managing sponsorship outreach, financial accounting, and cost control

Colby Student Investment Association

Financial Markets Journalist

Waterville, ME

Sep 2023 – Current

- Authoring weekly articles on global geopolitical events impacting financial markets for viewership of 100+ students

Colby College Performance Department

Project Assistant

Waterville, ME

Sep 2024 – May 2025

- Leading an independent project to construct a 3D BIM/CAD 1:1 replica architectural model of 6000+ square feet of interior space inside Colby's Gordon Center for Performing Arts

Colby College Economics Department

Macroeconomics Teacher's Assistant

Waterville, ME

Feb 2025 – May 2025

- Facilitated weekly office hour discussions for 35 students to improve student confidence in learning course material
- Evaluated 15 weekly problem sets with consistency and fairness, providing personalized feedback for students
